

Available from the California Department of Education

Reading/Language Arts Framework for California Public Schools

This framework offers a blueprint for implementing the English-language arts content standards. It describes the curriculum and instruction necessary to help students learn to read fluently and independently and communicate effectively and creatively. The framework addresses reading, writing, listening, speaking, and written and oral English-language conventions for all learners in kindergarten through grade twelve. It focuses on developing the highest levels of language arts proficiency to close the achievement gap and, ultimately, enable students to participate fully in society and the world of work.
